

Name _____

You will have the opportunity to make a “cheat sheet” for the Unit 5 Test. However, you will have to make it from memory right before the test so you will need to practice making a cheat sheet!

Fill in the conversions below from memory as much as you can. If you miss a few, use any of the charts or pictures you’ve taken to fill them in, but be sure to practice those before the test!

On the back of this sheet, use your conversions to solve some sample problems.

Write the conversions for the following units:

Draw the Gallon Kingdom here! ↓

1 cm = _____ mm

1 yd = _____ ft

1 m = _____ cm

1 cL = _____ mL

1 kg = _____ g

1 ft = _____ in

1 lb = _____ oz

1 pt = _____ c

1 year = _____ months

1 hour = _____ minutes
